

1. PURPOSE

The Adventure Race creates a race environment that exposes participants and teams to physical, mental and interpersonal pressure to enable leadership development. This SOP provides a fair, consistent and defensible process for participant withdrawal.

2. GOVERNING PRINCIPLE

The Adventure Race deliberately creates pressure, fatigue, uncertainty and adversity to achieve approved learning objectives. Withdrawal is justified only where a participant's condition or conduct materially prevents:

Safe participation

The intended learning and assessment conditions

The safe and effective conduct of the activity

NOT GROUNDS BY THEMSELVES

Slower pace than peers

Need for reasonable assistance

Redistribution of equipment

Increased workload on others

Frustration or interpersonal friction

Need to adjust pace, roles or plan

Normal developmental effects.

3. GROUNDS FOR WITHDRAWAL

1

Medical & Safety

The participant cannot continue safely because of a medical condition or safety risk.

2

Learning & Assessment

Continued participation prevents the intended learning and assessment conditions.

3

Conduct

The participant refuses lawful instructions or prevents the safe and effective conduct of the activity.

4. THE WITHDRAWAL TEST

What specific requirement or learning objective can no longer be safely or meaningfully achieved, and why will coaching or authorised adjustment not restore it?

A slower team, greater workload or frustration alone do not meet this threshold.

5. DECISION PROCESS

1. Observe

Identify the issue and allow the team to respond.

2. Intervene

Coach, apply authorised adjustments and reassess.

3. Decide

Recommend withdrawal to the designated authority.

Non-immediate withdrawal: CI NZALC and CI NCO School discuss the case; CI NZALC recommends withdrawal to COMDT ACS for confirmation.

6. IMMEDIATE WITHDRAWAL

An instructor, safety staff member or medical practitioner may immediately withdraw a participant to manage an immediate safety or medical risk. Notify CI NZALC and CI NCO School as soon as practicable.

7. RECORD OF DECISION

- ✓ Ground for withdrawal
- ✓ Supporting evidence
- ✓ Coaching or adjustments attempted
- ✓ Why the threshold was met
- ✓ Recommending and approving authority
- ✓ Assessment/course outcome
