

NZALC LEADERSHIP DEVELOPMENT SUPPORT · INITIATING ONE-PAGER

2nd Engineer Regiment Command Week

New Zealand Army Leadership Centre | Army Command School

Reference: 2 ER Command Week, 16 to 17 November 2026 · Date: September 2026

Purpose

The New Zealand Army Leadership Centre (NZALC) will support the 2nd Engineer Regiment Command Week by delivering a focused, two-phase leadership development package for up to 17 personnel.

The package is designed to build individual self-awareness before shifting the focus to team effectiveness and collective performance.

Programme

MON 16 NOV

1200 – 1700

Leadership Personality Report

Facilitated exploration of individual leadership preferences, strengths, potential limitations and impact on others.

TUE 17 NOV

0800 – 1200

ROCKET Model

Facilitated team development session focused on the conditions required for effective team performance.

TUE 17 NOV

1200 – 1400

Protected white space

Available if required to continue productive discussion, consolidate learning or explore issues arising during the session.

NZALC's contribution will conclude no later than 1400 Tuesday. The remainder of Command Week will continue under 2 ER's command arrangements.

Delivery

DELIVERED BY

Leadership Development Wing, NZALC

PARTICIPANTS

Up to 17 personnel

LOCATION

Off-site venue in the Palmerston North area; exact location to be confirmed

REQUIREMENT

Each participant will complete a Leadership Personality Report before the facilitated session

Coordination Required

2 ER and NZALC are to confirm:

- final participant numbers and nominal roll;
- off-site venue and available training facilities;
- arrangements and timelines for completing the Leadership Personality Reports; and
- any specific command outcomes or team issues that should inform the facilitation.
