Where Combat Mindset Is Developed

New Zealand Army Leadership Centre | Army Command School

Date: September 2026

Existing ACS providers train, reinforce and contribute to different stages of Combat Mindset development. Delivery is embedded across the system; it is not a standalone course.

ACS PROVIDER	1	2	3	4
	Understand Self	Regulate Self	Perform Under Pressure	Combat Mindset
NZALC LDS and ELDA	Trains	Trains	Trains	Contributes
HPC COGCON	Reinforces	Trains	Trains	Contributes
NCO School JNCO and SNCO	Reinforces	Reinforces	Reinforces	Contributes
OCS Officer Cadet School	Trains	Reinforces	Trains	Contributes

KEY

- Trains

Deliberately teaches, develops and practises the capability.
- Reinforces

Provides further practice and application of capability taught elsewhere.
- Contributes

Supports readiness to apply the capability under operational demands but does not independently deliver Combat Mindset.

No single ACS element delivers Combat Mindset on its own. Each contributes to preparing individuals to perform their role under operational demands.
