

# Army Combat Mindset System

Army Command School · September 2026

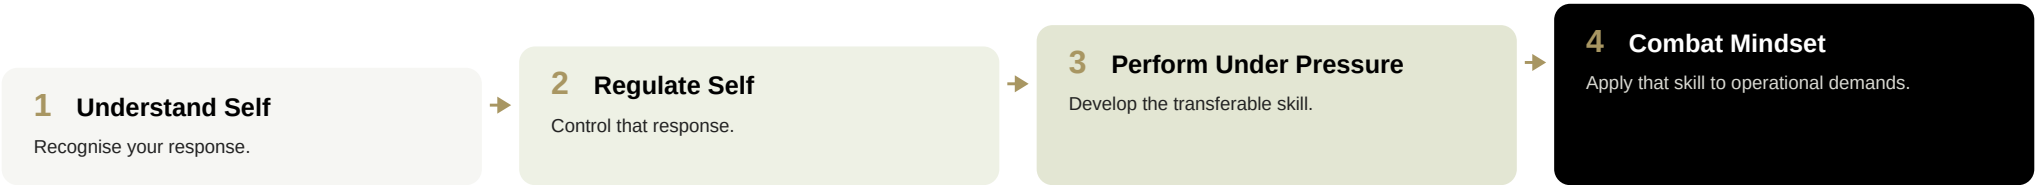

**01 MODEL**

What it is and why Army needs it.

**02 DEVELOPMENT**

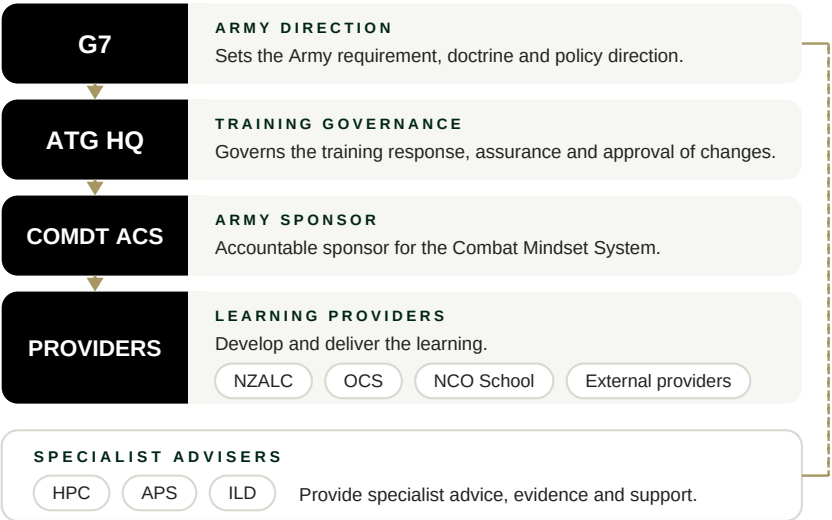

How the capability develops through training.

Performance Under Pressure is a trainable skill. It can be developed in any demanding context and applied to increasingly realistic operational demands.

**03 RESPONSIBILITY**

Who directs, sponsors and supports it.

**04 DELIVERY**

Where it is trained and reinforced.
