

# COMBAT MINDSET — THE WAY FORWARD

Defining, developing and assuring the human-performance capability Army requires to remain effective in combat.

## 1) WARFIGHTING IMPERATIVE

# COMBAT MINDSET

Remain effective. Act decisively. Harder to kill.

Tagline subject to sponsor endorsement

enabled by

## 2) ENABLING HUMAN-PERFORMANCE CAPABILITY

# PERFORMANCE UNDER PRESSURE

Prepare for pressure · Perform through pressure · Adapt within pressure · Recover from pressure

developed, organised and assured through

## 3) ORGANISING SYSTEM

# THE ARMY COMBAT MINDSET FRAMEWORK

The Army system through which Combat Mindset is governed, developed, delivered and assured.

### 1. GOVERNANCE & ASSURANCE

- Strategic sponsorship and policy direction
- Capability integration
- Technical and professional authorities
- Product recognition and evidence requirements
- Delivery standards
- Evaluation and assurance

### 2. CURRENT DELIVERY SYSTEM

#### NZALC

- ELDA Lead Leaders
- ELDA Lead Systems
- ELDA Resilience
- Performance Under Pressure — Lead Self
- Performance Under Pressure — Lead Teams

#### HUMAN PERFORMANCE CELL

- COGCON
- Performance conditioning

#### UNITS AND TRAINING ESTABLISHMENTS

- Training
- Exercises
- Mission rehearsal
- Field activity

Units contextualise and express  
Combat Mindset under realistic  
warfighting conditions.

### 3. FRAMEWORK DEVELOPMENT PROGRAMME

0

#### Phase 0 — Define and govern

Confirm terminology, sponsorship, ownership and interim governance.

1

#### Phase 1 — Understand

Stocktake existing doctrine, products, delivery, evidence, ownership and assurance.

2

#### Phase 2 — Design

Develop the framework, delivery architecture, outcomes and product-recognition criteria.

3

#### Phase 3 — Validate

Refine the framework with stakeholders, training establishments and units.

4

#### Phase 4 — Endorse and implement

Deliver Framework v1.0 and a prioritised implementation plan.
